Vinicius Maciel Silva

Technical Architect & Sr. AEM Certified Developer
Florianópolis, Santa Catarina, Brazil

Summary

Vinicius is a recognised Adobe Certified Expert with work experience in development of marketing websites using AEM and integrating with Adobe Experience Cloud products. I also possess extensive experience in consulting, solution architecture and strategizing digital transformation, working with Adobe Partners throughout EMEA and LATAM markets

With more than 13 years as a knowledgeable and effective web technologies consultant with emphasis on Adobe & open-source web technologies and enterprise web content management systems (EWCMS).

Proficient in AEM for large scale Digital Projects, front-end component, template and dialog design. OSGi Backend Java Development, Servlets, OSGi bundles and components. AEM System Administration and Deployment.

Experience in software testing, TDD, BDD, Selenium, Mockito, JUnit. Solid experience in organising, building and documenting processes and evaluating tools.

Excellent knowledge of good practice around usability, maintainability and accessibility.
